

Name of pledge collector/ Event:

Pledge to protect water and watersheds in British Columbia

We the undersigned citizens and residents of British Columbia pledge to vote during the BC Election in 2024 for a candidate that puts water protection, ecosystem health, and community wellbeing before corporate profits.

Water is life. Communities and ecosystems alike depend on reliable access to clean water. In an age of accelerating climate change and ecological emergency, we cannot continue to treat water as an infinite resource. It's time for political leaders in BC to step up and commit to a shift in water protection and management that treats water as part of the commons.
